

SUSTAINABILITY POLICY

Imtech Graphics is committed to developing and maintaining a work environment that is focused on a culture of sustainability. We are committed to this sustainable culture for the good of the environment, the community, and our Customers. We at Imtech Graphics affirm this commitment and have established a comprehensive system to identify and monitor applicable EHS Regulations and maintain compliance with Federal, State, and Local Employment labor laws, maintain compliance, and to continually improve this sustainability program. Our focus will be on tracking the sustainable performance of source reduction, reuse, and recycling programs. Transparency is a value our organization holds, so we will share our sustainability performance matrix with Customers, Employees, Ownership, and all other Stakeholders.
